Formats A6 to A4
Book height max. 350 mm
Book width min. 80 mm
Book thickness max. 80 mm, depending on book width

Labels
width 10 to 24 mm
height 7 to 16 mm

Binding all standard binding sorts
Covers hard and soft covers

Operator 100 % manpower
Output max. 60 cycles/min.
Change-over time 5 – 20 minutes to change product

Technical data dimensions
 1'810 x 1'200 x 1'320 mm (l x w x h)
 weight ca. 760 kg

INTERESTING FEATURES

- High precision
- The positioning of the labels is programmable
- Unlimited program memory
- Book thickness
- max. 80 mm
- Processing of all paper qualities
- Short change-over time
- **3 years guarantee**
